

Teach Outdoors Training Packages

Inspire staff and challenge mindsets on the benefits of teaching outdoors with one of our suggested training packages. Bespoke training is also available, please enquire for more details.

Inspiration Package

To introduce the concept of Teach Outdoors.

A whole day, or two twilight sessions, working with all teaching staff on:

- Pedagogy of outdoor learning
- Raising awareness of relevant policies and procedures including risk/benefit assessments
- Organisational strategies
- Lesson ideas
- Linking outdoor learning to current planning systems.

Total cost to a school £450

Discovery Package

To introduce the ethos of Teach Outdoors and develop methods for working together to raise standards by integrating outdoor learning.

Senior Management meeting to:

- Identify whole school focus area and timeline
- Become familiar with the school grounds and potential learning areas
- Identify number of staff to be trained
- Nominate school Teach Outdoors Co-ordinator.

Half day session with the Teach Outdoors Co-ordinator, supporting their new role, to discuss:

- Risk/benefit assessments
- Policies and procedures
- Monitoring systems
- Preparation for safe and successful delivery of outdoor sessions.

A whole day training, or two twilight sessions, working on:

- Pedagogy of outdoor learning
- Raising awareness of the school's policies and procedures including risk/benefit assessments
- Organisational strategies
- Lesson ideas
- Linking outdoor learning to current planning systems.

Within 12 months two whole day visits (> 200 pupils) or two half day visits (< 200 pupils) working on:

- Supporting the integration of outdoor teaching and learning.
